

 Proof[®]

Natural by choice

MARMOTEX

K-PROOF®: NATURE, INNOVATION, CHARME

K-PROOF® is the new and exclusive line of natural stones coming from the quarries around the world and carefully selected by Marmotex. The stones of this collection are highly resistant to impacts and scratches and now, thanks to the exclusive **K-PROOF®** treatment, they are also totally stain - and waterproof, food contact safe, easy to clean and resistant over the time: Marmotex For Kitchen is unique. Each original slab can be identified by the registered trademark **K-PROOF®** printed on the back as a further guarantee of quality and uniqueness of the product. **K-PROOF®** slabs are resistant to the most aggressive everyday food stains: oil, coffee, wine and all food and beverages in general. This versatility makes "Marmotex For Kitchen" collection particularly suitable for kitchens, bathrooms and any other furniture destination for indoor and outdoor.

100% NATURAL STONE

Quality, experience, passion: the exclusive charme of **K-PROOF®** stones.

HIGH RESISTANCE TO THERMAL SHOCK

STAIN RESISTANT

Waterproof and durable, a long lasting certainty.

Waterproof and resistant to the most aggressive everyday food stains such as oil, vinegar, lemon juice, coffee, wine.

A close-up photograph of a person's hands cracking an egg into a pile of white flour on a dark, smooth kitchen countertop. The person is wearing a white chef's coat. The egg yolk is falling into the flour. The background is a blurred kitchen setting with stainless steel equipment.

FOOD CONTACT SAFE

Test and create safely.

You can slice and knead right on your **K-PROOF®** kitchen top as it is completely stain resistant and highly resistant to scratches, to ensure full suitability for the contact with food.

UNIQUE TREATMENT

K-PROOF® is the solution that enhances any work space and gives the pleasure of living the kitchen.
